COLORADO SPRINGS GAZETTE.

NUMBER 1710. COLORADO SPRINGS, COLO., TUESDAY, FEBRUARY 5, 1889. PRICE FIVE CENTS.

TWO RIVAL TOWNS.

Ill Feeling Caused by the Proposed Removal of a Newspaper.

Masked Men Burn Editor Powell's Outfit and Break His Press.

Misrepresentation to Prevent New Mexico's Becoming a State.

Her People Unanimously in Favor of Its Admission to the Union.

New Paper Goes Up and Burned Out.

TRINIDAD, Colo., February 4—Carriso and Carriso Springs are two rival rum belt towns seven miles apart in Las Animas county. Carriso Springs has a fine water supply, while Carriso on the open prairie, has only a deep well. W. C. Powell, proprietor of the Carriso Current, decided to remove his paper to Carriso Springs. On a recent forenoon three citizens of Carriso Springs went to remove the office of the Current from Carriso to the Springs. They found that on the night before masked men had piled the furniture of the office in the street and burned it, and broke the press in pieces. Rather than see the rival town get their newspaper the masked men took this course. The following night all the men of the Springs guarded the Current office in Carriso and removed the remains of it the next morning. Editor Powell is in Trinidad to repair his broken outfit.

Misrepresentation From New Mexico.

SANTA FE, N. M., February 4—A press dispatch was sent out on February 3d from this city from some unknown source stating that a bill had been introduced in the legislature requiring that school teachers should know how to read and write. This is a misrepresentation made apparently to influence congress against the admission of New Mexico to statehood. There is and has always been a clause in the statutes of New Mexico requiring all teachers to pass an examination in all the elementary branches usually taught in public schools. The only ground for this misrepresentation was the introduction of a bill for an act which requires an educational qualification for school directors and all county officers, which bill has passed. The people of New Mexico are in favor of statehood, which fact was demonstrated by the territorial convention lately held in Santa Fe, which declared in favor of it unanimously and unanimously. The legislature has also unanimously passed a memorial to the same effect.

Murder at Trinidad.

TRINIDAD, Colo., February 4—At 6 o'clock this morning the body of Nesbit Somers was found in an alley in the rear of the Southern hotel. The back of his head was crushed in, forehead broken by a sharp instrument and his throat cut in two places almost from ear to ear. Encarnacio Sanchez, who has Indian blood in his veins and a violent disposition, was arrested, charged with the crime. He had washed carefully and changed his clothes, but his shoe revealed blood and hair and under his finger nails was blood, and the inside of a pocket was bloody. He had in his possession the murdered man's keys, stained with blood. A more ghastly and cold blooded affair was never known in Trinidad. It brings up the question, "Can a known murderer be lynched by the laws?"

Fatal Accident.

DENVER, February 4.—A horrible accident occurred yesterday afternoon on the Berkley park motor car line which resulted in the death of one man and two injury to several others, one of whom will probably die. At 3 o'clock car No. 1, coming in from the park became unmanageable just as it was beginning the descent of the long hill in north Denver and went flying down the hill at the rate of forty miles an hour. The car was crowded, there being over a hundred people in it who became panic stricken, several jumping from the car. When near the bottom of the hill and as it was turning a curve of perhaps 65 degrees the car jumped the track and was thrown some distance, being shattered to a thousand pieces. Nearly everyone in the car was more or less injured. Thomas Barry was fatally injured and died an hour afterwards. Jim Grennon the conductor, had his leg broken and was otherwise severely injured that his recovery is almost possible. Otto Brohm had his leg broken and his thigh cut. J. R. Thomas received a serious scalp wound. Two ladies had their arms broken and several others, whose names are unknown were badly bruised.

Russian Comment.

LONDON, February 4.—Commenting on the action of the United States in giving a credit for a coaling station at San Paco, the National Zeitung says America obtained the right to establish a coaling station from Malietoa, but she did not take advantage of the privilege within the specified time. The establishment of the station now would appear to an American protest against German aggression. The North German Gazette makes an allusion to Minister Bayard being unwell. This is considered as an indication that the recall of an American minister is desired.

MacFadden Arrested.

CHICAGO, February 4.—Father MacFadden was arrested yesterday afternoon on the time that Police Inspector Martin was killed. The prisoner was taken to Berkeley under a strong escort to the police station. A crowd collected and cheered Father MacFadden on his arrival and were charged by the militia with fixed bayonets and dispersed.

Talk on the Message.

WASHINGTON, February 4.—Secretary Proctor to-day transmitted to congress a report of Adjutant General Drum, showing the strength of the organized militia of the several states and territories, and the force of men available for service, but not organized. The total number of officers is 8397, total men 98,109, number of men available but not organized, 8,194,628.

Panama Canal Company Dissolved.

PARIS, February 4.—The tribunal before which application was made for the dissolution of the old Panama Canal company has decided in favor of the petitioners.

Fatal Accident.

DENVER, February 4.—A terrible accident occurred yesterday afternoon on the Berkley park motor car line which resulted in the death of one man and two injury to several others, one of whom will probably die. At 3 o'clock car No. 1, coming in from the park became unmanageable just as it was beginning the descent of the long hill in north Denver and went flying down the hill at the rate of forty miles an hour. The car was crowded, there being over a hundred people in it who became panic stricken, several jumping from the car. Panama Canal Company Dissolved.

PARIS, February 4.—The tribunal before which application was made for the dissolution of the old Panama Canal company has decided in favor of the petitioners.

FALLING WALLS.

Seven Persons Killed and Much Damage Done in Omaha.

A Heavy Gale the Cause of the Terrible Catastrophe.

The Prince Chancellor Asks for a Conference in Berlin.

His Proposal to be Transmitted to Congress To-day.

Walls Blown Down.

OMAHA, February 4.—A high wind this afternoon blew down a large section of the east wall of Max Meyers' brick building at the corner of Farnham and Eleventh streets, the front of which was recently gutted by fire, completely wrecking the buildings to the east of it. Six people were killed and a number of others injured. The dead are Edward Oleson, clothing merchant; Mrs Beecher who resided over Oleson's, Michael Martin, laborer, Thos Boulton, clerk P. Boyer, sr., member of the firm of Boyer & Co., safe dealers, Rudolph Mitchell, insurance agent. Those most seriously injured are C. H. Silver, E. A. Phillips, Geo Seattle, Chas Blake, Chas. Carzar, John Jackson and Emma Oliver, all of whom are employees of Dunbar & Co., engravers. It is not thought that any of the injured will die and it is believed that all the bodies have been gotten out of the ruins.

OMAHA, February 4.—This evening the list of the dead was increased to seven by finding in the ruins the body of Thomas Lundard, bookkeeper for Boyer & Co.

Bismarck's Position.

WASHINGTON, February 4.—Count Von Arcovalley, the German minister, called at the state department this afternoon and had a conference with Secretary Bayard in regard to Samoan affairs. He informed the secretary that he had received a communication from Prince Bismarck to the effect that the German government proposes the resumption at Berlin of the conferences which took place in Washington between the representatives of Germany, Great Britain and the United States in 1887 on the subject of Samoa. The above information was furnished to the press by Secretary Bayard with the statement that it was all he would say on the subject at present. It was therefore impossible to obtain to-day the full text of Prince Bismarck's communication. It is probable, however, that it will be transmitted to congress to-morrow or next day, with the secretary's views on the subject.

Nebraska Notes.

LINCOLN, February 4.—A heavy gale prevailed all over Nebraska to-day starting at two o'clock this morning at Arlington and reaching Lincoln at noon. Considerable damage is done in the western part of the state, buildings being unroofed and trees blown down. At Arapahoe a number of small buildings were blown down but injuring no one. At Hastings the central school was wrecked and one of the scholars in the building was killed outright. One other is injured so badly that he will probably die, and a teacher Miss Aldrich, is fatally injured. The storm was widespread but reports so far received confirm serious injury to the places mentioned. Lincoln escaped with a few cornices blown away and a few outbuildings overturned. The storm was an electrical disturbance, many watches and clocks in this city stopping about 9 o'clock in the morning.

Street Railway Strike.

BROOKLYN, February 4.—The street car strike has assumed a more serious aspect and the police anticipate a dangerous outbreak. The strikers have congregated in a large force on the Fifth avenue tracks and barricaded the street. There have been several encounters between the strikers and scabs, and the police have taken a hand in the serious stages.

NEW YORK, February 4.—A committee from the striking employes of Richardson's Brooklyn street car lines and Commissioner Donovan had a conference with Richardson to night. The result was that Richardson said he would take back such drivers and conductors as he needed to fill places, but that he would not discharge any competent men employed in the place of the strikers. He would not take back the tow boys, but would employ men in their places. He said he would require fewer stablemen than he has employed hitherto. To-morrow morning the proposition will be submitted to the various assemblies for approval.

NEW YORK, February 4.—There is an oppressive dullness in the matter of news about the tie-up on the surface roads to night. None of the lines on which the strike holds ran cars to night.

No Sun Prize Fight.

BOSTON, February 4.—George Lannon of South Boston and George Godfrey, a well known colored heavy weight pugilist of this city fought a fifteen round battle with four ounce gloves to night for a purse of $1,000. John L. Sullivan acted as referee. There was much bad temper shown by both men and much clinching was done. In the fourth round Lannon had his opponent whipped but he failed to [illegible]. In the last five rounds Godfrey showed to better advantage but both were weak and their blows did very little execution. At the end of the fifteenth round Lannon expressed a desire to continue, but the understanding arrived at previous to the fight was that in case neither contestant was knocked out at the end of the fifteenth round the match should be declared a draw and the referee so decided.

Fiftieth Congress.

SENATE.

WASHINGTON, February 4.—The senate resumed consideration of the anti trust bill. Frye giving notice that at 2 o'clock he would ask to have the Union Pacific funding bill taken up.

Senator George made an argument against the bill and expressed his intention of offering an amendment looking to the suspension or reduction of import duties on articles as to which trusts are formed.

The Union Pacific funding bill was then taken up.

When the bill was read it was agreed to change the date from July 1 1888 so that up to which the calculations should be made wherever it occured to July 1.

HENRY TER WILLIS,

Colorado Springs, January 30, 1889. 1-30-33

REAL ESTATE!

THE WARD!

Don't Go Three Miles Out in the Country for Lots, when you can get them for the Same Money in

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!

Only 3 Blocks from The Antlers Hotel!

Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 140 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10-foot alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 16-inch main; the largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the city are suffering from scarcity of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

Lot in Parrish's Addition for $350

To $1,000 a full size lot 50 by 190 feet do not hesitate a moment about buying. You can buy two lots on a corner, and erect pretty little cottages ACROSS THEM, giving each cottage a neat, pretty little yard, and readily rent them, owing to the location, etc.,

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the "Mesa Road," up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, and at from $300 to $400. They bear very much the same relation to

COLORADO CITY,

As do Parrish Addition Lots to Colorado Springs, and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT

DURING THE COMING YEAR.

CALVERT HEIGHTS!

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northeast of it. Both Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are to be erected (at once) just south of CALVERT HEIGHTS. I have arranged to have every lot supplied with PURE WATER IN PIPES.

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS

ARE MAGNIFICENT!

Last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to YOUR INVESTMENT AS MANY LOTS IN CALVERT HEIGHTS as you can afford to buy, with the result that, before the year is out, *you will again be glad that you have taken my advice.*

CALL EARLY! BUY SOON!

There are not very many lots altogether, and those who apply late, may find them all gone, and will have *to Pay an Advance.*

M. L. DeCOURSEY, Agent,

No. 3 N. Tejon St., Colo. Springs.

THE GAZETTE.

SUNDAY, FEBRUARY 9, 1889

Mr. N. P. Hill and Miss Hill of Denver are guests at The Antlers

The notarial bond of John M. Jackson of Colorado City was filed in the county clerk's office yesterday.

Mr and Mrs Augustus House entertained a small party at their home on East Yampa street last night.

Rev Myron Reed, of Denver, will preach at the Congregational church today both morning and evening.

Conductor John Beasely of the K & N. has returned from Washington Iowa, where he has been visiting relatives

A shooting gallery has been started in one of the rooms in the Anderson block, and now the crack of the deadly rifle is heard on the streets just the same as any other western town

The county clerk yesterday issued a marriage license to Stephen Harlan and Miss Viola Copeland of Colorado Springs.

Miss Tillie Swanson of Monte Vista

Services at the Christian church, 315 East Huerfano street, today as follows: Preaching at 11 a. m. and 7:30 p. m. Sunday school at 9:45 a. m. Young People's Society Christian Endeavor at 6:30 p. m.

Services by the United Presbyterians at the city hall at 11 a. m., 7:30 p. m. and Sunday school at 9:45 a. m. Morning theme: "The Christian Fight." Evening theme: Sodality meeting." Rev. John H. Brown officiating.

The dissolution sale of dry goods at Giddings Bros & Wilson's will only continue one more week. Next Saturday night will close the sale, as the firm will then begin to take an invoice preparatory to the withdrawal of Mr. Wilson.

A stranger viewing Colorado Springs from the Denver & Rio Grande depot these days could not be otherwise than impressed with the progress of the place. Five large buildings within a block of the depot can be seen in the course of erection.

Professor Slocum will deliver his lecture on the Earl of Shaftesbury at the Congregational church on the evening of Monday, February 11th. Tickets will be placed on sale early in the week, and the proceeds will be devoted to the new church fund.

Morley, Haver & Co have taken two special orders to supply fine delivery wagons. One of them is for Stark & Titus and the other for the Broadmoor Dairy Company. They are prepared to receive orders for all such work and claim to stand on the ground floor in the matter of price.

A party of engineers are now engaged in doing a survey of the mountains for the purpose of constructing a railroad up Pike's Peak. The survey starts at a point near the Red Rock canon, a short distance above Colorado City. The party has its headquarters in a Denver and Rio Grande way car, and it is supposed they are a Denver and Rio Grande party.

The date of the foot ball game between the College team and the Colorado Springs team has been fixed for Tuesday afternoon at 3:00 o'clock. It will be played on the Athletic grounds and no admission will be charged. The boys will invite all their friends to be present and help gather up fragments of ears, arms and legs after the game, as it is going to be a hot one.

Mr. F. E. Dow returned from Topeka Kas., yesterday, where he has been for the last ten days. He has been superintending the moving of the large stock of clothing of George Cook & Co. of Topeka, which has recently been sold to Mr. J. D. O'Haire of this city, through the agency of the Green Mountain Falls company. The transaction amounted to about $10,000

Mr. E. P. Moon, of Husted, has furnished us with the following weather record for January: Maximum temperature, 56° on the 6th; minimum temperature, 10° on the 20th; mean temperature, 22.77°; maximum daily mean temperature, 39° on the 6th; minimum daily mean temperature, 9.5° on the 19th; number of clear days (strictly) 16, number of fair days (light squalls on some), 9, number of foggy and cloudy days 6, number of days on which snow fell, 6; total precipitation (water), 0.26 in; prevailing direction of wind, north, 14 days, total snowfall (estimated), 6 in.

CITY WATER—One Block from Horse Cars. Lots [illegible] 190.

A. G. EARLE

AUSTIN BLUFF!

One Hundred Choice Lots Now Ready for Distribution

IN THIS BEAUTIFUL TRACT

Unquestionably the most desirable Residence Lots ever offered to citizens of Colorado Springs. Each Lot contains from one to two acres. Unsurpassed as a Health Location.

Pure Air! No Dust! No Smoke! No North Winds! No Irrigation Except by Sprinkling! Plenty of Sunshine!

At least one hour more Sunshine each day than we have in our city. Plenty of Pure Water for domestic and Sprinkling purposes, brought ten miles through Iron Pipe expressly for this tract. The finest combined view of mountain and plain that can be had from any point in the state. This location speaks for itself. Our physicians recommend it in highest terms.

THE $50,000 SALE Made through this office last week disposes of but one among the many desirable properties that we have to offer. This sale indicates to our citizens and others the views taken by Eastern Capitalists in regard to our future.

We Handle only desirable properties, hence safe for investment. Call at office for particulars.

CITY COUNCIL

An Unusually Quiet Meeting of the City Fathers

At the regular meeting of the city council last night there were present Mayor Stocker, Aldermen Skinner, Bartlett, Lawton and Hamilton, and Clerk Cox.

A committee of two was appointed by C A Seig and A D Merrill requesting that they be granted a license as dram dayers for a period of six months. The request was referred to the committee on ways.

A petition was received from a number of citizens requesting that a line of water pipe be laid from the corner of Dale and El Paso street north up the center of El Paso street to the north side of Cache la Poudre street. Referred to the committee on water works. Also a petition from G A Loomis and others requesting that a water main be extended from Platt avenue north up Walnut street to Sherman street, thence east to Spruce street thence south one block to the south side of Loomis' addition. Referred to the committee on water works. A petition was received from a number of citizens of Colorado City requesting that the water main be extended in that city up the alley between Lincoln and Jefferson avenues. The matter was referred to the committee on water works.

A petition requesting that the water main be extended from its terminus on Sierra Madre street to West Kiowa street to supply two hotels and a number of residences was received. This is to permit water to be supplied to the new building of the C. K. & N. at the Rio Grande depot. The matter was referred to the committee on water works.

Frank E Biber presented a petition requesting to be allowed a liquor license to sell liquor in his drug store at Roswell. The petition was accompanied by a bond signed by D. L. Welch and F E Biber. The matter was referred to the police committee and the city attorney, as the petition and bond were not in the regular form.

Alderman Bartlett reported that he had visited Denver and inspected the workings of the Gamewell fire alarm system. That the order of the boxes for this city had been made.

Alderman Lawton presented the plat of Fical's addition to the city, and also reported that the committee appointed to establish a grade on Sierra Madre street was prepared to submit a profile of a grade. The report of the committee was accepted.

The monthly report of the city treasurer was received and on motion received and placed on file.

The monthly report of the police judge was read showing that $59 had been received in fines. Received and placed on file.

The mayor, on the part of the board of health, reported that a good deal of work had been done in the matter of securing a city pest house, but that very little had been accomplished. The place selected is the old Kuhen ranch, about two miles northwest of the city, on the Ives road.

The following bills were read and allowed:

C Bartlett, shoeing mules	$ 1 00
[illegible]	24 00
[illegible]	3 00
Gazette account	25 75
C Dawson, hauling	4 00
James & Son, sundries	5 00
Fennaway & Son	1 00
[illegible] and clerk account	18 00
Denver Lumber company	22 72
El Paso Electric Light company	450 00
Ives, Stiles & Co	17 50
[illegible] Hamsaker & Co., hauling	10 50
[illegible] & Hayes, hauling hose cart	2 00
[illegible] in department	51 00
[illegible]	104 00
dairy [illegible]	90 41

Alderman Skinner stated that the sewer committee had hired Engineer H. Reid to take charge of the city sewers at a salary of $90 a month.

The city engineer stated that the work of surveying at Lake Moraine had been completed, and requested that the city attorney be instructed to take the necessary steps to have the plat of the lake filed as a storage reservoir for the city. He stated that the lake is a mile long a quarter of a mile wide and twenty five feet deep, and contained enough water to supply this city for three years without drawing a particle from the Ruxton creek. The city attorney was instructed to take all necessary steps in the matter. Alderman Skinner moved that when the council adjourn it be to meet on the evening of Monday, February 11. The motion prevailed.

The council then adjourned.

MANITOU SPRINGS.

Items of Local and General Interest—Personal Mention.

Mr. Elmer Snider has received eleven head of fine Jersey cattle.

Mr. J. H. Steele and wife, of Chicago, are at the Cliff and will remain some time. Mr. Steele is interested in mining in Colorado.

Quite a crowd of Colorado Springs people availed themselves of the pleasant weather on Sunday and drove to Manitou and dined at the Cliff house.

It is expected that a special train will run to-morrow night to accommodate those wishing to attend Joe Murphy's performance at the opera house.

Mr. H. F. Rogers, a prominent railroad man of Chattanooga, Tenn., is registered at the Cliff in company with his wife and daughter and Mr. and Mrs H. F. Barden, also of Chattanooga. Mr. Rogers has been in attendance at a meeting of general baggage masters in California.

Mr. U. T. P. Gouraud, a prominent sewing machine manufacturer of New York city has taken up his residence in Colorado Springs for a few months.

The proposed excursion from this city to Washington to witness the inauguration of President Harrison has been abandoned on account of not being able to secure proper rates.

Mrs. H. H. Bean and daughter left on Monday by the Santa Fe for Eugene City, Oregon, expecting to spend about six months in that place. The trip is made for the benefit of Mrs. Bean's health.

The game of Rugby foot ball between the College team and the Colorado Springs club will occur this afternoon at the Athletic grounds. No admission will be charged and there should be a large audience to witness the game, which will be called promptly at 3 o'clock.

Miss Hazel Gell, who has many friends in this city but who has been making her home with relatives at Denver for several years, is now [illegible] with the [illegible] company.

Dr. Mary [illegible] Rogers and Miss Alice Mathews left on the Rio Grande [illegible] for Denver.

[illegible] Mrs. Rockwell [illegible].

The crowds at the opera house are growing larger each night, and to-night Lucy Rushton will appear in the play of "Lena Rivers." Next Sunday and Monday evenings Mr. Murphy will be introduced in the play. The meetings will continue every night this week except Saturday. Next week the famous Methodist preacher of Colorado will preach to-night.

The causes of the accident on the Denver motor car line on Sunday by which one man lost his life and many others were severely injured, should be thoroughly investigated by the authorities and the responsibility placed where it belongs. According to the testimony of one of the officers of the company which operates the line the cars are built to accommodate thirty five people, but over one hundred people were crowded into this one. The accident was due to the breaking of the steam chest, but it is probable that the overloaded condition of the car had much to do with the break. The engine was made to furnish power for a car carrying thirty-five people and it was not surprising that it failed to do three times that amount of work. The ill-fated car, though supplied with a brake, was not supplied with the attachments for working it and depended entirely on the reverse power of the motor, which was useless when the steam chest broke and with its load of human lives the car went down the steep grade to destruction. If the brakes had been in working order the car could have been stopped easily and the accident would not have occurred. That they were not in order is due to the carelessness of the company which owns the line. They could learn something from the cable company each one of whose cars is supplied with two sets of brakes making it impossible for a similar accident to occur on their line.

Washington Gladden has a very striking article for the February number of the Century on "The Safeguards of Suffrage." This is a subject which ought to attract the attention of congress. We are receiving such a large number of ignorant foreigners and have such a large illiterate population in the negro of the south that the dangers cannot be underestimated. It was a great mistake that in the aftermath of secession, there was not an educational test attached. If the negro had only been allowed to vote as he became intelligent enough to read; there would have been much more ambition among the negroes to obtain an education. A generation has grown up since the war that could have easily learned to read and would have been prepared to use the ballot. There is really more need however that this test should be applied to immigrants. There have been not less than seven or eight millions of immigrants since the war. The children of these immigrants have abundant opportunities to learn to read and write, and could have easily acquired the right to vote. The adult immigrants, themselves, who could not read and write could not be competent electors, and we cannot afford to have any other kind in this country. If this educational test were applied, there would be less trouble about bribery in elections. There is to be a general impression that there was a great deal of bribery in the recent national election. It is difficult to say whether it was true or not. But from the time of the Dorsey letter, when the soap used in Indiana was so much commended, it has been evident that politicians of high rank have not thought bribery a very serious matter. It will not be until public sentiment is roused and all connected with it are made to suffer. There has been no bribery in this country, however, to compare with the bribery that existed in the parliamentary contests in England seventy-five years ago. It went so general and was so open as to cause a serious reaction. Strong laws were passed and the evil has been largely abated. The time is not far off when we shall be compelled to follow the English example.

Secretary Whitney deserves a great deal of praise for his management of our naval affairs. This is the first time in fifty years that we have had a fair condition for war. Seven years ago, we could not have attacked successfully any third rate European nation. Secretary Whitney has put the department on a good business basis. He began with rather a severe fight with the contractors. John Roach had so long appealed to the sympathies of Congressmen and shipping interests, which meant very largely himself, that he was allowed to fill his contracts about as he chose. When the Dolphin on its trial trip did not come up to the requirements of the contract, Mr. Whitney very properly and promptly declined to accept the ship. This lead to Roach's unfortunate failure and perhaps his death. But the fault was not Secretary Whitney's. The fault was primarily, with the politicians who had been accustomed to let Roach fill his contracts as he chose, and, secondarily with Mr Roach himself in not making a ship which fulfilled the requirements of the contract. While Mr Whitney was very much criticised for his action it undoubtedly had a very good effect on other contractors. The other ships under contract were finished promptly and appeared to contract. With further appropriations Secretary Whitney made new contracts, all of which have been filled in a more satisfactory manner than any before. Instead of allowing these contractors three or four years to do inferior work, he has made all do their work properly and quickly. As the result of his manage-

ment, the United States is able to have a very formidable fleet within a month's time in the waters of [illegible].
